Aatmaa Nirbhar or Aatmaa pe Nirbhar

Cashify is an e-commerce platform for selling used electronic gadgets. The entire idea was to promote cashify's business & spread awareness about following rules while driving

The Idea -

A man about to finish typing a text message to his girlfriend experiences a momentary loss of consciousness in a slightly elongated 'blink' and opens his eyes to find himself sitting in the living room of a deva in swarg lok. As he negotiates his way back to the human world, the Devata cracks a 'Cashify deal' with the human who must accept the offer.
